

 <p>GLAST LAT SYSTEM SPECIFICATION</p>	Document # LAT-SS-XXXXX-1 D1	Date 18 May 2001
	Author(s) Martin Nordby	
	Subsystem/Office Integration and Test	
Document Title LAT Verification Test Plan		

Change History Log

Revision	Effective Date	Description of Changes

Contents

1. Purpose	4
2. Scope	5
3. Acronyms and Definitions	5
3.1. Acronyms.....	5
3.2. Definitions.....	5
4. Applicable Documents.....	7
5. LAT Project Description	10
6. Verification Program Plan.....	10
6.1. Verification Program Objectives	10
6.2. Verification Program Approach	11
6.3. Procedures.....	11
6.4. Verification Methods.....	12
6.4.1. Similarity.....	12
6.4.2. Inspection.....	12
6.4.3. Demonstration.....	12
6.4.4. Calibration.....	12
6.4.5. Analysis.....	13
6.4.6. Test.....	14
6.5. Levels of Assembly.....	14
6.5.1. Parts Verification	15
6.5.2. Component Verification.....	15
6.5.3. Assembly and Subsystem Verification	15
6.5.4. System and Instrument Verification	15
7. Verification Program Organization.....	15
7.1. Responsibilities.....	15
7.2. Program Control.....	17
7.2.1. General Approach	17
7.2.2. Tracking	17
8. Environmental Verification Test Plan.....	18
8.1. Approach	18
8.2. Environmental Test Matrix and Configuration Plan.....	19
8.3. Test Level.....	19
8.4. Structural Test Requirements	20
8.4.1. Sine Survey	20
8.4.2. Loads (Sine Burst) Test	20
8.4.3. Random Vibration Test.....	20
8.4.4. Shock (High and Low Frequency)	20
8.4.5. Acoustics Test.....	20
8.4.6. Proof Pressure	21
8.4.7. Mass Properties Measurements.....	21
8.5. Electrical Test Requirements	21
8.5.1. EMC and EMI Tests	21
8.5.2. Magnetic Survey	21
8.6. Thermal Test Requirements	21
8.6.1. Thermal Cycling	21

8.6.2.	Thermal Vacuum (TV) Test.....	21
8.6.3.	Thermal Balance (TB)	22
8.6.4.	Thermal Vacuum (TV) Bake-out.....	22
8.7.	Test Tolerances and Anomalies.....	22
8.7.1.	Test Tolerances	22
8.7.2.	Waivers and Exception	22
8.7.3.	Failure and Retest Requirements	22
8.7.4.	Anomalies	23
9.	Performance Verification Test Plan.....	23
9.1.	Approach	23
9.2.	Test Matrix and Configuration Plan	24
9.3.	Functional Test Requirements	24
9.3.1.	Long Form Functional Test (LFT).....	24
9.3.2.	Short Form Functional Test (SFT).....	25
9.3.3.	Life Test	25
9.3.4.	Simulated End-to-End System Verification Test.....	25
9.4.	Anomalies	25
9.4.1.	Waivers and Exception	25
9.4.2.	Failure and Retest Requirements	25
9.4.3.	Anomalies	25
10.	Software Verification	26
11.	Verification Test Development	26
11.1.	Test Constraints.....	26
11.1.1.	Safety	26
11.1.2.	Contamination Control.....	26
11.1.3.	Electrostatic Discharge (ESD) Control.....	26
11.2.	Calibration Requirements	27
11.3.	Facilities and Support Equipment.....	27
11.3.1.	Facilities.....	27
11.3.2.	Support Equipment	27
12.	Records Management	28
13.	Appendices.....	28
13.1.	A: Facilities list	28
13.2.	B: Test Schedule, Test Logistics.....	28
