Introduction and Agenda

- **Overview – E. Bloom, 5 min**
- **Technical justification for tower A, B placement in GRID – L. Wai, 20 min**
- **Physics justification discussion – All, 20 min**
- **Conclusions – R. Horn**

Overview

- **Hardware/Software may not support baseline 676 installation order on current schedule.**
- **TKR A has a number of NCRs that are being accepted as is.**
- **Physics justification for changing locations.**
- **Need final plan very soon so that I&T AIDS and corresponding procedures can be finalized.**
