

**Cost/Schedule Reports for
Presentation
December 2006 Month End
4.1.C EPO**

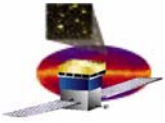

Accomplishments for January 2007

**Attended the AAS meeting in Seattle, WA.
Worked at GLAST science booth and
presented “Beyond the Event Horizon:
Education with Black Holes” poster.**

- Presented “Everything you ever wanted to know about black holes but were afraid to ask!” for the museum alliance.
- Presented “Evaluation-driven Evolution of a Long Term Formal E/PO Program” to the Astrophysics division education forum (joint with Swift and XMM-Newton)

Variance Report

- We are in the process of catching up on expenses and finishing many FY06 projects and have started all of our FY07 contacts.
- We received our remaining FY06 funds right before the Christmas holiday so now we are paying new and old bills. 😊
